OUTLOOK

Formica, Topshop London

Outlook FY2013

New Zealand:

Continued modest improvement in new house building

- Assisted by low interest rates and increased activity in Canterbury

Commercial and infrastructure activity not expected to improve materially in FY13

FY14 should benefit from several large infrastructure projects

Australia:

Trend in residential activity unclear, risk of further decline

Commercial construction likely to remain subdued

Infrastructure expected to remain steady

Trading conditions in North America expected to remain flat to slightly positive

No recovery expected in Europe, but Germany and Scandinavia should remain relatively strong

China, SE Asia and Taiwan: continued growth expected
