## Response from Chief Executive Ross Taylor

**Auckland, 26 November 2018:** “On behalf of Fletcher Building I want to express my deepest sympathies to the family and friends of our contractor who died today in an incident at our Fletcher Reinforcing site in Levin.

“This is devastating news for those who knew and loved him. The site has been closed and we are supporting our staff through this difficult time. We will be working closely with the Police and Worksafe.”

Ross Taylor, Chief Executive, Fletcher Building.
